

FIM GOVERNANCE & INTEGRITY CENTRE

Corporate Governance & Integrity at Work for You

FGIC is located in the Faculty of Industrial Management (FIM), Universiti Malaysia Pahang. It will provide the softer side of human value to a technology led university. It hopes to champion issues of governance and integrity which are pertinent to local and international community. FGIC hopes to share with the industry the products and services it offers.

Objective of FGIC

- To conduct research on governance, integrity and related issues
- To provide a platform between industry and academia to discuss issues pertaining governance and integrity
- To conduct training, seminar and forum to public to increase understanding and appreciate importance of governance and integrity issues
- To develop and publish case studies from the research conducted
- To publish reports and bulletins from research and activities conducted
- To gather expertise from both academia and industry on governance and integrity related issues
- To provide a resource or reference centre on issues pertaining governance and integrity
- To be a conduit in the relationship between the faculty, professional bodies and experts in the area of governance and integrity

FGIC Activities

Impact study on policies that government has instituted on governance and integrity

Market research on policies that government would like to Implement

Development of a tool kit to assist in measurement of effectiveness of governance, integrity and its related issues
